### Why the LifeCourse Framework

The Charting the LifeCourse Framework helps students and families of all abilities and all ages develop a vision for a good life, think about what they need to know and do, identify how to find or develop supports and discover what it takes to live the lives they want to live. Created BY SELF ADVOCATES and FAMILIES, the LifeCourse guides YOU in focusing on the current situation and stage of life ;and helps students look ahead to think about life experiences that will help move them toward an inclusive, productive life in the future.

Originally created for people with disabilities who recognize The GOOD LIFE doesn't happen by accident. The GOOD LIFE is intentional; it takes planning. This universally-designed framework empowers students and their families to plan across the LIFESPAN and across LIFE DOMAINS and may be used by anyone to develop a life plan, regardless of life circumstances or abilities.
